

# HELICOPTER / GYRO MEET

Thurs., Fri., & Sat. June 18-20, 2009

West Desert (UT99) air park

Focused on all experimental & homebuilt helicopters and Gyro's. All other helicopters welcome!

**"Rotors over the Rockies"**

Helicycle owners and builders will be present, some with their ships.

## 2ND ANNUAL HELICOPTER MEET IN FAIRFIELD, UTAH

Come be a part and witness the incredible advances of technology and ideas in the personal helicopter market.

Details of airport can be found at [www.rmplanes.com](http://www.rmplanes.com). This site also links to hotel info, maps, and liability waiver. 91 Octane MoGas is available. Jet A and other fuel can be obtained at Spanish Fork or Provo airports a short 10 minute flight away.

Please direct any questions, etc to [staytonjbarnes@hotmail.com](mailto:staytonjbarnes@hotmail.com), or call him at 1-801-592-5220. Plenty of RV parking (sorry, no hookups) and camping spots available on site. Food available throughout Friday and Saturday. BBQ's free to use, large grocery store/fast food within 15 minutes.

Helicycle, Safari, etc builders and owners will be on hand.

Still looking for Mosquito, Ultra Sport, Rotorway, and other experimental helicopters and gyros to attend.

**Attendees include:**

- Experimental Helo Magazine
- Helicycle Factory Reps
- URA/PRA (Utah Rotorcraft Association)
- Several R-22, R-44 for instruction
- MD 500 helicopters
- other local commercial heli-rides, raffles, and more!!!

**West Desert Airpark**

Lots of room for a great gathering. Come and share stories of flight adventures and builds.
